Send Check Payable to Wood County Land & Water Conservation Department along with this form to the address above:

WOOD COUNTY LAND & WATER CONSERVATION DEPARTMENT HAS A NO-TILL DRILL AND A ROLLER CRIMPER AVAILABLE FOR RENT TO ENCOURAGE NO-TILLING SOYBEANS, SMALL GRAINS, FORAGES, INTERSEEDING AND ESTABLISHMENT OF PASTURES AND WILDLIFE AND POLLINATOR OPENINGS.

GREAT PLAINS 10' DRILL: The Great Plains Drill is a 10' wide, heavy drill that requires a 70 hp tractor. It has three seed boxes; one for legumes and small grass seeds and one for grasses up to peas and a native seed box. The 1 bu./ft. native grass box effectively meters everything from fluffy native grass mixes to denser seeds, such as brome.

ROLLER CRIMPER: The crimper is a 12' 6" wide 3-point pull behind that requires a 75-90 hp tractor. A loader is required to attach to your tractor.

COSTS: You must fill out the Operating Agreement and return it with your payment prior to use of the no-till drill and crimper.

Please submit the rental flat fee + acreage fee; if you are unsure of the number of acres you are going to use the drill and crimper on, we will invoice you for the acreage fee after use.

No-Till Drill & Roller Crimper Operating Agreement

I agree to the terms and charges for use of the drill/seeder & roller crimper which includes maintaining the drill & roller crimper and paying for any damages incurred to the drill & roller crimper when it is in my possession. I understand that it is allowed only for use on land which is being used or will be used for soybeans, small grains, rotational grazing, forages, or no-tilling cover crops. Use on wildlife openings and food plots will be at the discretion of the Wood County Land & Water Conservation Department. I agree to compensate Wood County for use of the drill & roller crimper at the required rate before receiving the drill & roller crimper. Payment is due before you will be allowed to use the drill & roller crimper.

Drill & Crimp Rental Flat Rate	\$100 Flat Fee	A. \$100.00
PLUS \$10.00 per acre	X _____ acres =	B. \$ _____
Total Amount:	A + B =	\$ _____
